To Our Fellow Villagers:

For various reasons and following sage advice we have decided that the walking trail through our two properties will no longer be open and available. We realize this is going to cause some inconvenience to some of our friends and neighbors, but we are certain that the city council and mayor's office could find an alternative routing for the usual "walk around the lake".

We are sorry to have to do this, but find that it is in our own best interests. The gate between our two properties will be locked in the near future.

In spite of the harsh nature of the sounding of this message, we wish all our neighbors and friends well.

Sincerely,

James Foley

Cathy Decourcy
