

Forester's Report 12 31 2016

Two burning permits were issued during December.

Ice fishing has been occurring on both Sunfish and Horseshoe Lakes although it is not known whether any fish were caught.

The Tree City USA application was prepared and submitted and we have been notified that our application was again approved for our 27th year as a Tree City USA city.

A citizen committee is exploring how to do a search plus drain or remove project to eliminate mosquito breeding sites during early spring 2017. See Treeways article included.

Several Treeways articles have been written for publication on the website.

Following the Christmas Holiday rain and strong winds streets were checked for fallen branches and trees. No significant damage was noted.
