

Forester's Report 12 23 2017

There were two burning permits issued during December. Snow covered ground is a great safety feature when doing a winter bonfire.

All lakes were iced over for the season by December 5th.

Trees throughout the City are in good condition going in to winter this year.

Deer remains were disposed of from near the eastern end of Salem Church Road. The remains likely did not originate from our city.

Work has begun on Treeways, SFL Quarterly, and website news articles for 2018.

Held discussions with various residents regarding tree questions during the month.
