RE: Increase in Election Judge Salary

The current reimbursement for Election Judges is \$7.75 per hour for regular judges and \$8.50 per hour for the Chair Judge and has been set at this amount for several years. Most larger cities pay their election judges' \$12 to \$14 per hour; however, smaller cities tend to pay less.

The City Sunfish Lake has not increased the salary for election judges since 2016, therefore, I am requesting that the salary for Regular Election Judges be increased to \$10.00 per hour and that the salary for the Chair Judge be increased to \$12.00 per hour. I would further request that this approval be retroactive to the August 9, 2022 Primary Election.

ACTION REQUESTED: Staff recommends approval of the increase election judges reimbursement from \$7.75 to \$10.00 per hour for Regular Judges and from \$8.50 to \$12.00 per hour for Chair Judges, and that the approval be retroactive to the August 9, 2022 Primary Election.
