Forester's Report 11 30 2024

Hornbeam Lake, Sunfish Lake and Horseshoe lakes were not flowing out of their outlets on November 30th. All City lakes were frozen edge to edge by the end of the Thanksgiving weekend. The ice is too thin to think about walking or skating on for the near future. Please take extra care when going on lake or pond ice.

Four burning permits were issued in November.

Street edge pruning has been completed along the west end of Salem Church Road on the north side, Windy Hill Road, the north side of 60th Street, and the willows on the north side of Salem church Road west of the Windy Hill Road/SCR stop sign. The pruning crew progressed faster than projected so pruning along Salem Church Road was included in 2024 work.

Please use my **jim_nayes@mac.com** email address now and into the future. I plan to stop using any and all of my previous email addresses in 2025.
