

Item 3G**Sunfish Lake Engineer's Report for December 9, 2025**

By: Justin Messner, PE
City Engineer

Date: December 3, 2025

This Engineer's Report summarizes the engineering activities from the past two months.

1. Engineering Activities Undertaken in the Months of October and November

- A. Staff coordinated the repair to the outlet structure for Sunfish Lake off of Charlton Road per DNR concern.

2. Public Works Activities Undertaken in the Months of October and November

- A. Staff coordinated the replacement of fire number signs for 11 Salem Lane, 42 Labyrinth Lane, and 270 Salem Church Road.
- B. Staff were notified of mowed brush and small trees on the north side of 60th Street along Horseshoe Lake. Staff communicated with Inver Grove Heights Public Works to conclude that this was mistakenly conducted by Inver Grove Heights as a part of their routine ditch and right-of-way maintenance. Staff coordinated the creation of "No Brush Cutting" signs.

3. Building and Site Reviews in the Months of October and November

- A. Staff conducted an onsite inspection and accepted final improvements at 42 Labyrinth Lane (formerly 32 Upper 55th Street West).

4. Anticipated Engineering/Public Works Activities for the Month of December

- A. Staff have completed inspections for MS4 storm sewer structures throughout the city and are finalizing the report.

The above constitutes the Engineer's Report for the City of Sunfish Lake for December 9, 2025.

Respectfully submitted,

Justin Messner, PE
City Engineer
